

BoreMaster®

Shotgun Multi-Bore Gauge

.410 through 4 gauge

**THE BOREMASTER WILL ACCURATELY MEASURE YOUR
SHOTGUN BARREL'S CRITICAL DIMENSIONS –
BORE, CHOKE, CHAMBER, FORCING CONE,
AND BARREL WALL THICKNESS.**

The **BOREMASTER®** measures:

- bore and choke dimensions
- chamber length and diameter
- forcing cone length and dimensions
- barrel wall thickness
- .410 thru 4 gauge and rifle chambers 30/06 and larger, accurately in thousands

The **BOREMASTER®** features:

- a direct, easy-to-read digital display in metric and inches with zero feature
- 6" probes into barrel from the muzzle
- spring-loaded probes direct constant pressure against the barrel walls, insuring accurate and repeatable readings.
